### ICF-M350V

This handy little Sony is big on features that make radio listening more fun. No need to search along a dial for your favorite stations because you can tune them in automatically via push button. Selecting favorite AM, FM, Weatherband, and even audio from TV stations is precise and drift-free, too, thanks to an advanced Phase Locked Loop synthesized tuner. And the headphone jack is useful when you want to listen without disturbing others. It's an excellent portable for bedside use, as well, with built-in digital clock and alarm.

### FEATURES

- **AM/FM/TV/WEATHER BAND TUNER** gives you access to radio talk and music shows, plus audio from TV channels 2-13, and up to the minute weather from Weather Band channels
- **PLL (PHASE LOCKED LOOP) DIGITAL SYNTHESIZED TUNER** is the world's most accurate drift-free tuning method for all available radio stations
- **20 STATION MEMORY PRESETS** provides convenient one-button tuning to your choice of AM/FM radio stations, TV audio or Weather Band channels
- **KEY PROTECT BUTTON** locks out all controls on unit to prevent accidental activation
- **DIGITAL CLOCK WITH ALARM** makes time-check instantly available and also provides wake-up or other daily alarm
- **LCD DISPLAY** shows station frequency, time of day or battery life
- **HEADPHONE JACK** for private listening
- **DC-IN JACK** enables connection to standard household current to conserve battery life
- **BATTERY LIFE INDICATOR** monitors time remaining on batteries in use and alerts you to their condition
