PS-LX56

For LP owners with 14 inch "midi" component systems like Sony's own LBT Series, we build a matching turntable. Presenting the PS-LX56. It features the smoothness of belt drive and the convenience of a supplied, pre-mounted moving magnet phono cartridge.

FEATURES

- **SEMI-AUTOMATIC OPERATION:** at the end of side, the tonearm automatically lifts and the motor shuts off
- **BELT DRIVE SYSTEM** tends to isolate the platter from motor vibration, filters out variations in torque; contributes to smooth operation, low wow & flutter
- **33 1/3 AND 45 RPM SPEEDS** to play LPs, singles and EPs
- **STATIC BALANCE TONEARM** uses adjustable counterweight for precise balance and accurate application of tracking force
- **CONVENIENT, FRONT-MOUNTED CONTROLS** let you switch on the power, select the speed and stop playback while the dust cover is closed
- **MOVING MAGNET PHONO CARTRIDGE** has high output compatible with the widest range of amplifier and receiver phono inputs
- **BONDED DIAMOND STYLUS** for long life
- **SUPPLIED DUST COVER** protects your records from dust accumulation as they play

SPECIFICATIONS

SPEEDS: 33 1/3 and 45rpm

DIMENSIONS (WHD): 14" x 33 1/4" x 13 1/4"
