### Ear Logic Design

The headphone driver adjusts to the angle of your ear to minimize pressure for extended listening enjoyment.

Thick, comfortable ear pad creates an acoustic seal around your ear for tighter and more powerful bass response, while also helping prevent sound leakage which can disturb others nearby.

## ENGLISH

### FEATURE

- Convenient free-adjust headband for comfortable listening
- Large  $\varnothing$  38 mm (1 1/2 in.) diaphragm, neodymium magnetic driver unit for high quality sound

### PRECAUTIONS

- Listen at moderate volume to avoid hearing damage.
- Do not wear the headphones while driving or cycling. It may create a traffic hazard.
- You should use extreme caution or temporarily discontinue use in potentially hazardous situations, such as walking, jogging, etc.
- When connecting and disconnecting the cord, grip the plug and not the cord itself. Pulling the cord may damage it and thus be hazardous.

### HOW TO USE

- Wear the headphones correctly, with the L mark on the left and the R mark on the right.
- To avoid hearing damage, set the volume of the connected equipment to the minimum position before connecting.
