TCM-373V

FEATURES

- **MONAURAL RECORD/STEREO PLAYBACK** capability makes this versatile unit valuable to business professionals for note-taking or recording meetings and to students for recording and reviewing lectures; it is also an entertainment device that plays prerecorded stereo cassettes through the supplied stereo headset
- **VOICE OPERATED RECORDING (VOR)** activates the recorder only when audible sound is present, conserving tape and eliminating soundless passages
- **PLAYBACK SPEED CONTROL** (-20% to +30%) lets you adjust playback speed slower or faster than normal, for easy review and editing of recorded information during playback
- **HINGED BATTERY LID** helps prevent accidental loss
- **BATTERY LED** provides a visible signal of battery power remaining
- **MIC JACK (MONAURAL)** lets you connect an external microphone if desired
- **CUE/REVIEW FUNCTION** provides sound during Fast Forward and rewind to help locate specific passages on the tape
- **AUTOMATIC END-OF-TAPE SHUT-OFF** reduces mechanical wear and conserves battery power
