- **EARPHONE JACK AND MICROPHONE JACKS**
- **HINGED BATTERY LID**
- **DC IN JACK**
- **HAND STRAP ATTACHED**

PRESSMAN

TCM-59V

FEATURES

- **AUTO REVERSE IN RECORD AND PLAY** allows for non-stop recording as well as playback of both sides of cassette with no need to stop operation and turn tape over
- **3-LED RECORD/BATTERY LEVEL INDICATOR** indicates when the unit is in record mode and confirms battery strength
- **VOICE OPERATED RECORDING (VOR)** activates the recorder only when audible sound is present, conserving tape and eliminating soundless pauses
- **FLAT MICROPHONE** provides convenient recording versatility in various situations
- **PLAYBACK SPEED CONTROL (-20% TO +30%)** lets you adjust playback speed faster or slower for easier review and editing of recorded information during playback
- **MIC SENSITIVITY SWITCH (HI/LO)** enables the unit to record in different situations such as in meetings or for individual recording
- **3-DIGIT TAPE COUNTER** gives you a visible measure of tape elapsed for rapid access when editing and listening
- **TWIN SPEAKERS** improve the quality of sound in playback
- **FULL AUTOMATIC SHUT-OFF** releases the buttons in Play, Record, Fast Forward and Rewind modes to reduce mechanical wear and conserve battery power
- **CUE AND REVIEW FUNCTION** provides sound during Fast Forward and Rewind to help find specific passages
- **PAUSE SWITCH** allows for instant on-the-spot editing
- **STOP PAUSE RELEASE FUNCTION** automatically turns off the Pause switch whenever the Stop button is pressed, to prevent loss of recording
- **EARPHONE JACK** for private listening with optional earphone
- **MICROPHONE JACK** lets you connect an external microphone if desired
- **HINGED BATTERY LID** helps prevent accidental loss
- **DC IN JACK** provides AC compatibility with optional adaptor for virtually unlimited recording and playback time and to conserve batteries when an AC power source is available
- **HAND STRAP ATTACHED** helps secure unit during operation and makes for easy portability
