About the Software on Your Sony PC

Unlock your creative potential with the software on your Sony PC. This section gives you an overview of the activities you can perform with your software titles.

For general information, call Sony Electronics at 888-4SONY-PC (888-476-6972). For online support, go online to <http://www.ita.sel.sony.com/support/pc>

Business Manager

Microsoft® Money 97

Microsoft Corporation

Display the status of your checking and savings accounts or check your loan and credit card balances. The software reminds you when it's time to pay a monthly bill and offers you the option to print your own checks or, if you make arrangements with your financial institution, pay the bills electronically. You can also prepare budgets and plan your financial future. Wizards help you set up new accounts, and online banking enables you to bank from home. For questions and technical assistance, go online to <http://www.microsoft.com/support/> or call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Quicken® Special Edition

Intuit, Inc.

Quicken Special Edition helps you manage your personal and small business finances. The software resembles your checkbook, so it's easy to learn and easy to use. You can print checks, reconcile your bank account, and complete bank transactions from home. Quicken Special Edition's charts and graphs show you account balances and where your money goes. For questions and technical assistance, go online to <http://www.qfn.com> or call Intuit at 505-896-7222, M-F, 6 AM-6 PM MT.

Sidekick® 97

Starfish Software

The number one personal organizer that keeps you on top of your schedule; client contacts, expenses, receipts, correspondence, telephone calls, and world time. Sidekick prints pages that fit into popular organizers from companies such as Day-Timer™, Day Runner®, Franklin®, and Filofax®. For questions and technical assistance, go online to <http://www.starfish.com> or call Starfish Software at 900-555-1010 (charges appear on your phone bill) or 800-953-9995 (charges appear on your credit card), M-F, 6 AM-5 PM PT.

Child Prodigy

Microsoft® 3D Movie Maker

Microsoft Corporation

With Microsoft 3D Movie Maker, children can create 3-D movies with special effects, sounds, music, and spoken dialog. Choose from more than 30 actors, select the costumes, and decide which camera angles to use. McZee™ and Melanie are characters who offer tips and help along the way. For questions and technical assistance, go online to <http://www.microsoft.com/support/> or call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

The Third Dimension™

Davidson and Associates

The Third Dimension is a 3-D creativity tool/toy that allows kids and adults to build and manipulate spectacular 3-D animated environments. Dozens of powerful but easy-to-use tools allow creations to be imported, rotated, reset, zoomed, moved, sized, stretched, colored, and animated. The Third Dimension makes use of MMX™ technology to enhance speed and sound, and to create photorealistic displays. Objects and environments can be printed in black and white or color. For questions and technical assistance, go online to <http://www.education.com>, e-mail support@education.com, or call Davidson and Associates at 310-793-0060, M-F, 7 AM-6 PM PT.

Gamer

Chess (Best of Microsoft Entertainment Pack)

Microsoft Corporation

Play against the computer, play against another chess player, or improve your skill as the computer plays itself. For questions and technical assistance, go online to <http://www.microsoft.com/support/> or call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Chip's Challenge® (Best of Microsoft Entertainment Pack)

Microsoft Corporation

Navigate through many levels of puzzles and obstacles, including swamps, teleporters, ice, and killer balls. For questions and technical assistance, go online to <http://www.microsoft.com/support/> or call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Dr. Black Jack (Best of Microsoft Entertainment Pack)

Microsoft Corporation

This classic casino game is a Windows favorite. Test your card-sense and luck as you try to reach 21. For questions and technical assistance, go online to <http://www.microsoft.com/support/> or call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Go Figure! (Best of Microsoft Entertainment Pack)

Microsoft Corporation

Sharpen your math skills and have fun at the same time with the math problem challenge. For questions and technical assistance, go online to <http://www.microsoft.com/support/> or call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

JezzBall (Best of Microsoft Entertainment Pack)

Microsoft Corporation

Trap the balls and beat the clock in this arcade-style game. For questions and technical assistance, go online to <http://www.microsoft.com/support/> or call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Maxwell's Maniac (Best of Microsoft Entertainment Pack)

Microsoft Corporation

The fate of the universe is in your hands. Keep the energy molecules flowing in the right direction. For questions and technical assistance, go online to <http://www.microsoft.com/support/> or call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

MechWarrior® 2: Mercenaries

Activision, Inc.

MechWarrior® 2: Mercenaries is the sequel to the best selling combat simulation. This sequel features an enhanced graphics engine, all new Mechs® and missions, resource management, and multi-player Internet combat. New 16-bit textures, 65,000 colors, and photo-realistic art provide the player with an unprecedented 3-D experience. Players battle across a number of planetary terrains, ranging from urban landscapes to icefields to deserts. The game takes advantage of the ATI RAGE chip technology in the Sony PC. For questions and technical assistance, go online to <http://www.activision.com>, from AOL use keyword Activision, or call Activision at 310-255-2050, M-F, 9 AM-5 PM PT.

Sid Meier's Civilization® II

MicroProse Software, Inc.

Civilization II is the new improved version of the best-selling strategy game. As ruler of an infant civilization, you make critical economic, social, and political decisions that determine its fate. Your mission is to survive and thrive as you encounter ruthless, powerful opponents and some of the greatest leaders in history. The first to colonize Alpha-Centauri wins. To win, you must either win the space race or conquer the world. Your winning strategy combines the four impulses of civilization: exploration, economics, knowledge, and conquest. Civilization II features high resolution graphics and a map editor. For questions and technical assistance, go online to <http://www.microprose.com>, ftp to <ftp://www.microprose.com>, e-mail support@microprose.com, fax 510-522-9357, or call 510-522-1164, 7 days a week, 24 hours a day.

Tic Tac Drop (Best of Microsoft Entertainment Pack)

Microsoft Corporation

Test your skill on three levels with this twist on connect four and tic-tack-toe. With 150 configurations available, play against another person or the computer. For questions and technical assistance, go online to <http://www.microsoft.com/support/> or call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Movie Producer

Blockbuster Entertainment® Guide to Movies & Videos 3rd Edition

Creative Multimedia

Find out about movies before you watch them. This software includes more than 23,000 reviews, 6,000 photographs, 40 video clips, StarLinks™ interactive movie game, and 10,000 biographies and videographies. The Blockbuster Guide also offers free monthly electronic updates with reviews of the latest movie and video releases. This software features "Sony Tuned" MPEG Digital Video. For questions and technical assistance, go online to <http://www.creativemm.com>, or call 900-438-8324 (charges appear on your phone bill), M-F, 8 AM-5 PM PT.

Digital Video Producer®

Asymetrix Corporation

Digital Video Producer gives you the power to create stunning, animated multimedia productions for Web sites, presentations, on-line training, CD-ROMs, or for pure entertainment. You can capture video from a camcorder or VCR, or import video and audio clips from a CD-ROM. DVP's intuitive timeline interface makes it easy to sequence video and audio clips, transitions, overlays, and text animation. Add dramatic 3-D titles to your project using any True-Type™ font and animate them easily with predefined animation paths. DVP's Dynamic Preview feature allows you to see your project in motion before you build the final video clip, for truly interactive movie making. For questions and technical assistance, contact Asymetrix at <http://www.asymetrix.com/support>, fax 425-454-0672, 900-896-9191 (charges appear on your phone bill), M-Th 6 AM-9 PM PT, F 6 AM-3 PM PT.

QuickTime®

Apple Computer, Inc.

Create and deliver synchronized graphics, sound, text, and music that are cross-platform compatible and 32-bit capable. With QuickTime, you can embed movies in your Web pages and create hot spots within scenes that link to other content on the Web. Using the major Web browsers, viewers with the QuickTime plug-in can access your dynamic content at the speed that is best for them. For questions and technical assistance, go online to <http://quicktime.apple.com> 7 days a week, 24 hours a day.

TV Tuner

Now you can watch TV, videos, and laser disk movies, or play TV games on your computer. TV Tuner lets you watch up to 125 cable television channels and 70 antenna channels in smooth, full-motion video on the whole screen or in a window. Watch television on your computer as you work in another software application. Display close-captioned text. You can capture still frames and movie clips, channel surf, or create your own TV transcripts. Software created by ATI Technologies Inc. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Video CD Player

The Video CD Player in your Sony PC enables you to play Video CDs. Use it also as a Karaoke player, to sing along with Karaoke CDs. Or watch music videos on enhanced CDs and access bonus information about your favorite musicians. Software created by CompCore Multimedia, Inc. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Video CD-ROM Sampler

Sony Pictures Entertainment

The Video CD Sampler presents trailers from recent movies now available on home videos and distributed by Columbia Tristar Home Video®. Also includes trailers from current popular television programs distributed by Columbia Tristar Television Distribution™. This software features "Sony Tuned" MPEG Digital Video. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Video Player

Watch movies on your Sony PC with the Video Player. This video player functions like a VCR and plays AVI and MPEG video format files. You can make playlists of video files and save the lists for future viewing. Software created by Voyetra Technologies. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Musician

The Axe™

Harmonix Music Systems, Inc.

Harmonix Music System's The Axe is a unique, patented desktop computer software technology that enables anyone, even those without musical training, to make music using any computer controller. The user plays the lead instrument (the "axe" in musicians' parlance), which is delivered in real time via a proprietary software synthesizer, while accompanied by a prerecorded band. The experience is enhanced by a choice of screen graphics, called Interactive Music Videos (IMVs), ranging from real-time musical notation, an interactive tutorial, a synchronized musician, or colorful abstract screens. For questions and technical assistance, go online to <http://www.harmonixmusic.com>, e-mail support@harmonixmusic.com, or call 888-534-4293, M-F, 9 am-5 pm ET.

Audio Mixer

With the Audio Mixer, you can adjust the volume for all the sound sources on your Sony PC. Use the Audio Mixer to make the audio in your multimedia software and audio CDs sound just the way you like. The Audio Mixer also controls auxiliary devices and microphone input. Software created by Voyetra Technologies. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

AudioView™

With AudioView you can record your own sounds, add prerecorded sounds, and change or edit the existing sounds on your Sony PC. Familiar copy, cut, and paste commands make it easy to get started. You can also perform more sophisticated functions such as mix pasting, combining several sounds, and adjusting playback volume. Software created by Voyetra Technologies. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Billboard® Music Guide 2nd Edition

Creative Multimedia

The Billboard Music Guide, with more than 77,000 albums in each of the major music genres, helps you find the music you want to own. This software includes more than 1,200 audio "sampling" clips, 31,000 reviews from Billboard® Magazine and the All Music Guide®, graphics from more than 13,000 album covers, biographies, artist and band photos, and Internet access to MusicMatch™ for all the latest music information. This software features "Sony Tuned" MPEG Digital Video. For questions and technical assistance, go online to <http://www.creativemm.com>, or call 900-438-8324 (charges will appear on your phone bill); M-F, 8 am-5 pm PT.

CD Player

Use the CD Player to listen to audio CDs in your CD-ROM drive while you use your computer. You can play specific tracks, shuffle tracks in random order, or create a playlist of selected tracks. Software created by Voyetra™ Technologies. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

LAUNCH™

2Way Media, Inc.

LAUNCH, the bi-monthly entertainment CD-ROM. See and hear exclusive performances and interactive interviews from today's top musical artists. View an exclusive "Sony Tuned" MPEG Digital Video by Ben Folds Five. Enjoy behind-the-scenes interviews with movie stars and filmmakers. Discover original animated short films, plus game reviews and playable game demos. For questions and technical assistance, go online to http://www.launchonline.com/tech_help.html, e-mail help@2launch.com or call 2Way Media at 310-319-5320, M-F, 10 AM-8 PM PT.

MIDI Player

Connect a MIDI instrument to the built-in MIDI connector and you can record your own MIDI files. The MIDI Player also makes it easy to play existing MIDI music files and to make playlists for future listening sessions. Software created by Voyetra Technologies. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Mixman® Studio

Mixman Technologies Inc.

Create CD-quality music with Mixman Studio. Mix and match tracks from the library of provided sounds including hip-hop, acid jazz, and dance music. Record your voice and add it to the mix. Play your music and export your performance as a standard WAV file. Create music for web sites, CD presentations, and videos. Voice recording requires Sony Multimedia Computer Display (sold separately) or a microphone. For questions and technical assistance, go online to <http://www.mixman.com/sony>, e-mail support@mixman.com, or call 415-403-1385, 7 days a week, 24 hours a day.

WAV Player

Many of the sounds you hear on your Sony PC are WAV files. The WAV Player lets you play WAV files as well as create playlists of your favorite sounds and save the sequences to hear later. Software created by Voyetra Technologies. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Photographer

Adobe® PhotoDeluxe™

Adobe Systems Incorporated

Create amazing photo effects with PhotoDeluxe. Without learning complex software, enhance, restore, and be creative with your photos. It has more than 25 built-in guided activities, 500 stock photos, clip art, and templates. For questions and technical assistance, go online to <http://www.adobe.com/>, e-mail techdocs@adobe.com, fax 206-628-5737, or for fee-based support call 206-628-2746 or 900-555-2200, M-F, 6 AM-5 PM PT.

Kai's Power GOO™ SE

MetaCreations

Kai's Power GOO™ SE is a special version of MetaCreations' award-winning professional software. Pictures feel as "goo-ey" as liquid putty on the screen. You can smear, smudge, move, and distort images in real time. Changes are instantaneous with this creative tool. Kai's Power GOO SE comes with a large image library and allows you to blend multiple source images. It supports high resolution output to the Web, print, and multimedia presentations. And it's easy to learn. For questions and technical assistance, go online to <http://www.metacreations.com>, e-mail support@metatools.com, 7 days a week, 24 hours a day.

Scholar

The Family Doctor 4th Edition

Creative Multimedia™

The Family Doctor is a comprehensive resource for medical information. This edition includes descriptions, interactions, and side effects of more than 7,600 generic, over-the-counter, and prescription drugs, explanations of first-aid techniques, and classifications of common symptoms and diagnoses. The software also covers alternative medicines, elements of human anatomy, and answers to more than 2,300 commonly asked medical questions. The material contained within The Family Doctor is for information only and should not replace the advice of your personal physician. This software features "Sony Tuned" MPEG Digital Video. For questions and technical assistance, go online to <http://www.creativemm.com>, or call 900-438-8324 (charges appear on your phone bill), M-F, 8 AM-5 PM PT.

Microsoft Encarta® 97 Encyclopedia

Microsoft Corporation

With more than 26,000 articles and nearly 300,000 links, this multimedia encyclopedia provides extensive information for school, work, and personal interests. Conduct research with a timeline that spans 15 million years. The Yearbook Builder provides current online updates. This software features "Sony Tuned" MPEG Digital Video. For questions and technical assistance, go online to <http://www.microsoft.com/support/> or call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Writer

Adobe® Acrobat® Reader 3.0

Adobe Systems Incorporated

Acrobat Reader software allows you to view, navigate, and print electronic documents in Adobe Portable Document Format (PDF), an open file format that is intended to preserve the fidelity of documents created on all major computer platforms. Once Acrobat Reader is installed, you can open and view PDF files from within your Web browser by clicking on a PDF file embedded in an HTML file. You quickly see the first page while the rest of the document is being downloaded. Use the Acrobat Reader to read the *Sony PC User Guide* online (located in the Sony Help folder). For questions and technical assistance, go online at <http://www.adobe.com/>, e-mail techdocs@adobe.com (put "instructions" in the subject line to receive information about the service), fax 206-628-5737, or for fee-based support in the US call 206-628-2746 or 900-555-2200, M-F, 6 AM-5 PM PT.

Microsoft® Bookshelf

Microsoft Corporation

Microsoft Bookshelf provides quick and easy access to a world of useful and interesting information. Find exactly the information you're looking for with one-click access to nine best-selling reference works while using any software program. For questions and technical assistance, go online to <http://www.microsoft.com/support/> or call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Microsoft® Works

Microsoft Corporation

Microsoft Works is a suite of productivity tools that includes a word processor, spreadsheet, database, and drawing and communications software. You can use these tools to create professional documents quickly and easily. For questions and technical assistance, go online to <http://www.microsoft.com/support/> or call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Net Space

Adobe® PageMill™ 2.0

Adobe Systems Incorporated

Award-winning PageMill gives you everything you need to create an entire web site. The view-as-you-create interface and easy formatting tools allow you to manipulate images, create frames and tables, edit text easily, import text from all the popular word processing, spreadsheet, and database formats, and adjust source code directly. Create client- or server-side image maps. For questions and technical assistance, go online to <http://www.adobe.com/>, e-mail techdocs@adobe.com, fax 206-628-5737, or for fee-based support call 206-628-2746 or 900-555-2200, M-F, 6 AM-5 PM PT.

America Online®

America Online

America Online is an online service with an intuitive interface. Use America Online to stay on top of the news and track your personal finances. Find support for computer products and download software and files. Read issues of your favorite magazines, take online accredited courses, connect with homework tutors, and chat with thousands of members. You also receive your own e-mail account. For technical support, call America Online at 800-827-3338, 7 days a week, 6 AM – 2 PM ET.

Communication Center

The Communication Center is a complete, powerful, flexible, yet simple-to-use communication system. Use it as a speakerphone and as a full-featured answering machine with multiple mailboxes and optional password protection. Speed dial frequently used numbers via the Phone Book. Send and receive faxes, e-mail, data files, and attach documents to your faxes. Additional features include voicemail, pager notification, and message forwarding. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Community Place™

Sony Electronics

Community Place is the first VRML-based (Virtual Reality Modeling Language) Internet Web browser. VRML is the 3-D equivalent of HTML (HyperText Markup Language), converting the VRML language to a 3-D world of animated shapes, sights, and sounds. Use your mouse to travel between hyperlinked 3-D space objects. Share objects with multiple users. This version of Community Place is automatically invoked by Netscape Navigator when viewing VRML data. For questions and technical assistance, send e-mail to info@sm.sony.co.jp.

CompuServe Interactive (CSi)

CompuServe, Inc.

CSi is the most comprehensive source of organized business and educational information online today. CSi is the perfect choice for those who want access to the vastness of the Internet but don't want to waste time wading through it. Let CSi maximize your time online. For technical support, call CompuServe at 800-848-8990, M-F, 8 AM-1 PM ET, S-S, 10 AM-10 PM ET.

Electronic TV Host™ (ETV)

TV Host®, Inc.

ETV is a subscription-based online television guide that allows you to scan, plan, and create your own personal television guide. By clicking your mouse, you can access local, cable, and satellite television program listings that are updated weekly. A powerful search engine allows you to perform searches on simple keywords or complex criteria. Search on stations, program categories, specific dates and times, date and time ranges, movie ratings, Motion Picture Association of America (MPAA) ratings, and on any text in the guide. Each member of the family can personalize the color, size, and look of ETV, create Personal Favorites Lists, and set up schedules for program viewing and recording. Save your searches and print, maintain, archive, and update lists and schedules. For questions and technical assistance, go online to <http://www.tvhost.com>, e-mail etvhelp@tvhost.com, or call Electronic TV Host at 717-657-1700, M-F, 8:30 AM-5 PM ET.

Internet Explorer for Windows® 95

Microsoft Corporation

Internet Explorer is the Internet browser included with Microsoft Plus! The Setup Wizard configures your computer to connect automatically to the service provider of your choice. A full e-mail package enables you to send and receive mail—including attached files—across the Internet. If you do not currently have a service provider, Internet Explorer connects you to the Internet using MSN, The Microsoft Network™. A complete online tutorial helps new users become comfortable using the Internet. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

About Your Sony PC

Netscape Navigator® Personal Edition

Netscape Communications

Netscape Navigator gives you easy access to all major Internet resources. Browse ever-growing sources of information on commerce, current events, travel, entertainment, and more. Netscape Navigator is the most widely used World Wide Web browser in the world. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Sony Video Phone (Send and Receive, MMX)

Your Sony Video Phone with Intel ProShare™ Technology lets you and another person talk and see each other during a phone call. In addition to live video, Video Phone lets you send or receive high-resolution photographs, called *snapshots*, while talking with the other party. You need a telephone line and a video camera. The snapshot feature lets you capture one or more still photographs, either before or after establishing a video call. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Sony Help

Application Recovery CDs

Sony Electronics

The Application Recovery CDs allow you to reinstall individual applications and device drivers if they are corrupted or accidentally erased. Reinstalling an individual device driver or software title may correct a problem you are experiencing with your computer, and you may not need to recover the entire contents of your hard drive. See your *Sony PC Getting Started Guide* for details. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Dr. Solomon's Anti-Virus

Dr. Solomon's Software Inc.

Dr. Solomon's Anti-Virus provides the most comprehensive and advanced line of defense against the spread of viruses. It specializes in virus protection for all applications in Microsoft Office 97, in addition to protecting against viruses spread via the Internet. It can scan compressed and archived files and automatically remove any file or macro virus it detects. For questions and technical assistance, go to <http://www.drsolomon.com>, e-mail support@us.drsolomon.com, or call 888-377-6566, 7 days a week, 24 hours a day.

FirstAid® 97 (Sony SOS Edition)

CyberMedia®

First Aid helps to intercept crashes caused by Windows 3.1x and Windows 95 applications, finds and fixes startup problems for most installed applications, uses a knowledge base to find and fix additional problems, and automatically backs up your computer's critical configuration files. First Aid is based on CyberMedia's AutoFix technology, which has solutions to over 10,000 known Windows software problems. For questions and technical assistance, call CyberMedia at 310-581-4710, 7:30 AM - 5:00 PM Pacific Time, Monday - Friday.

Oil Change™ (Sony SOS Edition)

CyberMedia®

Oil Change (Sony Online Support) software is a useful companion to SOS. Using the Internet, it provides the latest device drivers, software fixes and updates provided by Sony for the software titles included with your Sony PC. Oil Change scans your PC to identify software applications and their versions. It then logs on to the Internet, compares your software configuration against the Sony database, and notifies you of the software fixes and updates available for your PC. For each fix and update, it provides an explanation. After selecting the software fixes and updates you require, Oil Change downloads, uncompresses and installs the selected items. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Sony Help

Sony Electronics

The Sony PC Help folder on the Start menu gives you access to online user guides and help files for the software on your Sony PC. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

System Recovery CD

Sony Electronics

The System Recovery CD allows you to restore the software titles that shipped with your computer if they become corrupted or are erased accidentally. **It can be used only to restore the hard disk of the Sony PC you purchased.** See your *Sony PC Getting Started Guide* for details. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Plus ...

Microsoft® Plus!

Microsoft Corporation

Microsoft Plus! is a companion to Windows 95. Plus! helps you access the Internet and tune your PC, performing tasks such as disk optimization and error correction. In addition, Plus! provides 12 colorful desktop themes and the 3-D Pinball game. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Sony All-In-One Printer Setup Software

Sony Electronics

If you use a Sony All-In-One printer with your Sony PC, the software to get you up and running quickly is already installed. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Sony Digital Still Camera TWAIN Software

Sony Electronics

If you use a Sony digital still camera with your Sony PC, the software for acquiring images is already installed. Try PhotoDeluxe, included in your software bundle, to acquire images from your camera. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Zip® Drive Utilities

Imomega® Corporation

Take advantage of this full array of utilities for your Zip drive. Transfer files easily, format and protect your disk, and set your preferences. For questions and technical assistance, call Sony Electronics at 888-4SONY-PC (888-476-6972), 7 days a week, 24 hours a day.

Specifications

Model Number	PCV-220	PCV-240
Processor	266 MHz Pentium II	300 MHz Pentium II

About Your Sony PC

Model Number	PCV-220	PCV-240
Connection Capabilities (Rear)	Keyboard (PS/2-style) Mouse (PS/2-style) Two USB ports† Two serial ports†† Parallel (printer) MIDI/game Headphone Line In Microphone L & R Audio In Video In S-Video In Video Out S-Video Out Monitor VHF/UHF In Modem line (RJ-11) Phone line (RJ-11)	
Supplied Accessories	Sony 104-key keyboard Sony two-button mouse RJ-11 Phone Cable Power Cord Video Cable S-Video Cable Audio Splitter Cable	
Service	One-year on-site standard‡	
Limited Warranty	One-year parts/labor standard‡	
Power Requirements	200 watts maximum	
Dimensions	9" (w) x 14 7/8" (h) x 18" (d) (226 x 376 x 455mm)	
Weight	29.5 lbs. (13.4 kg)	
Operating Temperature	50° F to 95° F (+10° C to 35° C)	

* Data on a CD-ROM is read at a variable transfer rate, ranging from 10X at the innermost track to 24X at the outermost track (the data transfer standard 1X rate is 150 kbytes/s). The average data transfer rate is 17X (2250 kbytes/s).

† USB ports are included to provide state-of-the-art technology. Your operating system supports a limited number of USB devices. You may need to install software (device drivers) supplied with your USB device before using the USB device.

†† To maximize available resources, the Serial 2 port on your Sony PC is disabled by default. You can enable the Serial 2 port by using the BIOS setup utility. For details, see "Accessing the BIOS Setup Utility" in the online *Sony PC Reference Manual*.
