Personal Audio Docking System

WARNING
To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.
To reduce the risk of fire or electric shock, do not expose this apparatus to dripping or splashing, and do not place objects filled with liquids, such as vases, on the apparatus.
Do not install the apparatus in a confined space, such as a bookcase or built-in cabinet.
Do not expose the batteries (batteries pack or batteries installed) to excessive heat such as sunlight, fire or the like for a long time.
As the main plug is used to disconnect the unit from the mains, connect the unit to an easily accessible AC outlet.
You should notice a abnormality in the unit, disconnect the unit from the AC outlet immediately.
The unit is not disconnected from the AC power source (mains) as long as it is connected to the wall outlet, even if the unit itself has been turned off.
You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate the equipment.
CAUTION
Danger of explosion if battery is incorrectly replaced. Replace only with the same type.
NOTE
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Precautions
- Do not install the battery in reverse polarity.
- Do not use a battery other than the specified type.
- Do not use any battery other than the specified type, as it may cause a fire, smoke or injury.
- Never attempt to charge the battery.
- Do not store the battery near heat sources, such as a radiator or near a heat register.
- Do not use the battery if it is damaged or deformed.
- Do not disassemble or modify the battery.
- Do not dispose of batteries in a fire.

Features
- Owner’s Record
  - Serial No. _______________________________

Operating Instructions RDP-X50iP

Power sources
Preparing a power source
1. Connect the AC power cord (supplied) to the AC power adapter (supplied).
2. Connect the AC power adapter to the DC IN 20V jack on the back of this unit firmly and plug it into a wall outlet.

Preparing the remote commander
Before using the remote commander for the first time, remove the blister film.

NOTES ON LITHIUM BATTERY
- Do not replace the battery with a hot battery, as it may cause a fire.
- Do not dispose of batteries in a fire.
- Do not use the batteries in a humid environment.
- Do not use the batteries in a cold environment.
- Do not use the batteries in a hot environment.
- Do not use the batteries in a dry environment.
- Do not use the batteries in a wet environment.
- Do not use the batteries in a dry environment.
- Do not use the batteries in a wet environment.
- Do not use the batteries in a dry environment.
- Do not use the batteries in a wet environment.

Before using the unit

To turn off/on the power
Press the MUTE (power) button. The MUTE (power) button indicator will light up in green when the unit is turned on.

To adjust the volume
Press VOLUME + or VOLUME – on the remote.
- The volume range is adjustable between 0 and 30.
- When turning off the power, the last volume setting is retained. The volume will be suitably lowered automatically if the last volume setting is too loud.
- The MUTE (power) button indicator flashes three times when the sound is set to either maximum or minimum volume.

Tips

To reinforce the bass sound
Press MEGA BASS. The MEGA BASS indicator lights up.

You can achieve high quality bass sound. To return to normal sound, press the button again.

Power management system
After playback of the iPod (or component connected to AUDIO IN) has finished, if no operation is performed for about 30 minutes, the unit will automatically turn off.

Playing an iPod
You can enjoy audio from your iPod by setting it in the Docking Tray of this unit.

When setting an iPod in the Docking Tray, you can achieve high quality bass sound. To return to normal sound, press the MUTE (power) button.

Notes

* To use an iPod, refer to the user’s guide of your iPod.
* The connector of the iPod is exclusively for use with an iPod. If you use a device that does not match the connector, connect it to the AUDIO IN jack of this unit with the supplied audio connecting cable.
* Keep the connection of the iPod secure to prevent accidental disconnection.
* Keep inhibited responsibility in the event that data recorded on iPod is lost or damaged when using iPod connected to this unit.
* For details of environmental conditions for operating your iPod, check the website of Apple Inc.

Connect the MEGA BASS indicator lights up.

On copyrights
iPod, iPod classic, iPod nano, and iPod touch are trademarks of Apple Inc., registered in the U.S. and other countries.

“Made for iPod,” and “Made for iPhone” mean that an accessory has been specifically designed to connect to iPod or iPhone, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod or iPhone may affect wireless performance.

To use this unit as a battery charger for your iPod
You can use the unit as a battery charger for your iPod. Charging begins when the iPod is connected to the unit. The charging status appears in the display of iPod. For details, see the user’s guide of iPod.

Tips

To adjust the volume
Press VOLUME + or VOLUME –. To resume play, press it again.

Go to the previous track
Press (forward) or (backwards).

Locate a point while listening to the sound
Press (forward) or (backwards) while playing and hold it until you find the point.

Locate a point while observing the display on iPod
Press (forward) or (backwards) in pause and hold it until you find the point then press .

Go back to the previous menu
Select a menu item or a track for playback
Select a menu item or a track for playback and press ENTER.

The sound from the connected component is output from the speakers of this unit.

Universal Dock Adapter
The iPod cannot be charged.

1 Attach the adapter for your iPod/iPhone.
2 Set your iPod/iPhone in the Docking Tray.
3 Press the MUTE (power) button indicator flashes three times when the iPod is connected to the unit.
4 Press the AUDIO IN indicator lights up.

Notes

* Be sure to connect the accessory correctly.
* The supplied audio connecting cable may not be usable with some external equipment. In this case, use a cable suitable for the external equipment you are using. If this volume is too low, adjust the volume of the component.

Specifications

Power output
20 W + 20 W (at 1% total harmonic distortion)
Dimensions
Approx. 356 mm x 158.1 mm x 119.9 mm (w x h x d)
(14 1/8 inches x 6 1/8 inches x 4 3/4 inches)
Mass
Approx. 1.8 kg (3 lb 15 oz)
Supplied accessories
Remote commander (1)
AC power adaptor (1)
Audio connecting cable (1)
Universal Dock Adapter for iPod (1)
Universal Dock Adapter for iPhone 3G (1)
Universal Dock Adapter for iPhone 4G (1)

Compatible iPod/iPhone models
Compatible iPod/iPhone models are as follows. Update your iPod/iPhone to use the latest software before you use it.

Troubleshooting

There is no audio.
Make sure the iPod is connected correctly.
Operation is not performed.
Make sure the iPod is connected correctly.
The iPod cannot be charged.
Make sure the iPod is connected correctly.

Audio in
Make sure the audio connecting cable is connected correctly.

Remote
The remote does not function.
Replace the battery in the remote commander with a new one if it is weak.
Make sure that you are pointing the remote sensor on the unit.
Remove the case or cover from your iPod before setting it in the Docking Tray.

Notes

* In the following instructions, “iPod” is used as a general reference to iPod Classic, iPod touch, and iPod nano, with no specific reference to iPod.
* The connector of the unit is suitable for use with an iPod. If you use a device that does not match the connector, connect it to the AUDIO IN jack of this unit with the supplied audio connecting cable.
* Keep inhibited responsibility in the event that data recorded on an iPod is lost or damaged when using an iPod connected to this unit.
