Sony Telecom™

**ClearScan 25**  
Automatic Channel Selection

# SPP-AQ600

## Cordless Features

- **CLEAR SCAN 25™ AUTOMATIC CHANNEL SELECTION** automatically scans all 25 available channels when turned on and operates on the channels offering the clearest reception
- **COMPANDER PROSOUND™ NOISE REDUCTION SYSTEM** automatically filters out background noise to provide virtually static-free transmission
- **14 DAY BATTERY STANDBY** allows longer intervals between charging batteries
- **BASE KEYPAD WITH SPEAKERPHONE** lets you make and answer calls at the base units
- **2-WAY PAGING/INTERCOM** lets you talk between handset and base; page signal initiates intercom contact in either direction
- **20 NUMBER SPEED DIALING** provides simple two-step dialing of the business and personal numbers you call frequently (10 on handset, 10 on base)

## Answering Machine Features

- **TAPELESS, ALL-DIGITAL MESSAGE STORAGE** records both your greeting (OGM) and incoming messages (ICM) on IC chips - up to 15 minutes of messages can be recorded
- **VOICE-GUIDED OPERATION** guides you through the set-up and operation of the unit through built-in IC voice prompts
- **VOICE TIME/DAY STAMP** automatically records the time and day of message receipt after each message
- **VARIABLE-SPEED MESSAGE PLAYBACK** lets you speed up or slow down playback of messages without changing pitch
- **3 SECURED MESSAGE BOXES** allow incoming messages to be stored in three separate "message boxes" so that each co-worker or family member can access his/her messages directly
- **PRE-RECORDED GREETING** will answer calls if you choose not to record your own greeting
- **MESSAGE TRANSFER WITH USER-RECORDED TRANSFER MESSAGE** automatically dials a pre-programmed telephone number when a message is received, eliminating the need to call in to check for messages
- **ANNOUNCE-ONLY MODE** answers calls without taking messages
- **DIGITAL MESSAGE COUNTER** indicates the number of messages received

- **AUDIBLE MESSAGE INDICATOR** alerts with audible beeps that messages are waiting (selectable on/off)
- **MEMO RECORDING** records a message for other household members (or co-workers) directly onto the incoming message area
- **2-WAY CONVERSATION RECORDING**
- **CALL SCREENING & MESSAGE RETRIEVAL** allows you to identify caller before answering the phone and retrieve messages from the cordless handset
- **REMOTE MESSAGE RETRIEVAL**
- **PERMANENT FLASH MEMORY** eliminates the need for battery backup
