Sony Telecom™

2Line

IT-M202

FEATURES

- **2-LINE OPERATION** accesses two incoming lines from a single telephone (subscription to two separate lines from your telephone company is necessary)
- **SPEAKERPHONE WITH ADJUSTABLE VOLUME** lets you talk without picking up handset for hands-free conversations; convenient for pushbutton services like phone mail and bank-by-phone
- **DISTINCT RINGS FOR EACH LINE** lets you easily identify which line is ringing
- **LINE STATUS INDICATION** tells you that a line is in use when any telephone on that line is ringing, off the hook, or on hold
- **3-WAY CONFERENCE CAPABILITY** allows you to talk simultaneously on both lines with two separate parties
- **DATA PORT CAPABILITY** allows you to connect a computer, modem, fax, or answering machine
- **40-NUMBER ONE-TOUCH MEMORY DIALING** gives you one-button dialing access to the business and personal numbers you call most often
- **MUTE BUTTON** blocks handset or speakerphone microphone, so you may speak privately to others in the room without your caller hearing
- **ELECTRONIC HOLD** lets you place a call on hold
- **WALL MOUNTING** of base unit with supplied bracket, compatible with most standard wall outlets
