- EARPHONE/MIC JACK

M-88VA

When you use the M-88VA Microcassette recorder, "Speak — and it shall be recorded". It's voice-activated and only records when there is sound, conserving tape and eliminating lengthy silences during conference recording or dictation pauses. Little more than a credit card silhouette, the M-88VA fits easily into a pocket, handbag or briefcase, to go anywhere you go.

FEATURES

- **ULTRA-COMPACT DESIGN** fits easily into shirt pocket
- **VOICE OPERATED RECORDING (VOR)** automatically activates the recorder only when audible sound is present, conserving tape and eliminating lengthy noiseless passages on recordings
- **3-POSITION BUILT-IN MICROPHONE SENSITIVITY** lets you select best pick-up sensitivity for recording a wide range of applications, from close-up personal dictation to large meetings
- **TWO-SPEED OPERATION** permits choice of 2.4cm/sec speed (30 minutes recording time per side of MC-60 microcassette) or 1.2cm/sec (60 minutes per side)
- **TAPE COUNTER** provides digital display of tape elapsed, for rapid access to a particular section of the microcassette
- **CUE/REVIEW** plays tape at fast speed with sound, so you can hear specific passages for easy revision or transcription
- **PAUSE CONTROL** temporarily halts recording or playback without leaving that mode, and returns at the flick of a button
- **BUILT-IN SPEAKER** for general listening convenience
- **EARPHONE/MIC JACK** permits individual listening to playback for privacy or connecting an optional external mic for special recording applications
- **ONE-HAND PUSHBUTTON CONTROLS** provides simple, direct operation of all functions even while holding a phone or pencil
- **METAL CABINET**
