**PRESSMAN**

## TCS-60DV

### FEATURES

- **STEREO RECORDING** provides distinct placement of voices for more realism when listening to playback of meetings and lectures, and also may be used for music recording and playback of stereo music cassettes
- **AUTO REVERSE** provides uninterrupted recording and playback of both cassette sides, with no need to turn tape over
- **DOUBLE RECORDING TIME** gives you the option of recording on a standard cassette at either normal speed or half the normal speed, for extended recording or dictation sessions
- **CLEAR VOICE™** sound system enhances voice quality during recording and playback for greater clarity
- **VOICE OPERATED RECORDING (VOR)** activates the recorder only when audible sound is present, conserving tape and eliminating soundless passages
- **DUAL SPEAKERS** for enhanced listening in stereo sound with distinct left- and right-channel placement
- **STEREO FLAT MIC** records separate left and right channels in stereo and provides convenient recording versatility in various situations
- **STEREO HEADPHONE JACK** for individual stereo listening to playback
- **STEREO MICROPHONE JACK** allows connection of an external microphone
- **3 LED BATTERY LEVEL WARNING SYSTEM** confirms battery level and alerts the user of low battery power with a flashing amber LED
- **3-DIGIT TAPE COUNTER** makes it easy to find a specific location on the tape for rapid access and editing
- **METAL LID** provides added durability
- **CARRYING STRAP** is a secure, convenient way to hold the unit
