Sony Telecom™

Clear**Scan** 25
Automatic Channel Selection

SPP-M100

Cordless Features

- **25 CHANNEL TRANSMISSION WITH AUTO-SCAN** automatically scans all 25 available channels when turned on and operates on the channel offering the clearest reception
- **COMPANDER PROSOUND™ NOISE REDUCTION SYSTEM** automatically filters out background noise to provide superior sound quality
- **2-LINE OPERATION** accesses two separate phone lines from one phone (requires two-line installation from your local telephone company)
- **DISTINCT RINGS** let you easily identify which line is ringing
- **3-WAY CONFERENCE CAPABILITY** allows you to talk simultaneously on both lines with two separate outside parties
- **10 NUMBER SPEED DIALING** provides simple two-step dialing of the business and personal numbers you call frequently
- **BASE-TO-HANDSET PAGING** lets you send a paging signal from the base unit to the handset. Useful for paging a family member, or quickly locating the handset
- **ONE-MONTH BATTERY STANDBY** allows longer intervals between charging batteries
- **BATTERY STATUS INDICATOR** lets you know when the battery needs to be recharged
- **QUICK TALK** allows you to answer incoming calls by just removing the handset from the base, eliminating need to press a button
- **ANY KEY ANSWER** allows you to answer calls by pressing any key on the handset except "OFF"
- **OUT-OF-RANGE ALERT** indicates when the handset is out of the usable range of the base unit
- **WALL-MOUNTABLE** using the supplied wall-mount bracket, compatible with standard wall outlets
