Sony Telecom™

ClearScan 25  
Automatic Channel Selection

**CALLERID**  
with call waiting

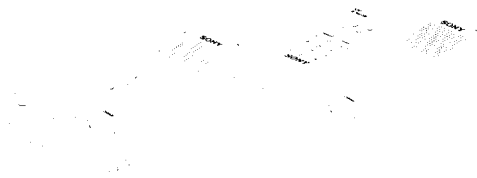

• CREAM COLOR ALSO AVAILABLE

## SPP-ID400

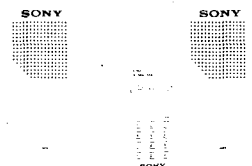

### FEATURES

- **CLEAR SCAN 25** automatic channel selection finds the channel with the clearest transmission every time you turn on the phone
- **CALLER ID DISPLAY** shows the phone number and name for incoming calls (requires Caller ID service from your phone company)
- **CALLER ID DISPLAY WITH CALL WAITING** shows the phone number and name for a second call as you talk on the first, so you can screen the second call (requires combination of Caller ID and Call Waiting services)
- **30 CALLER ID MEMORY** remembers the last 30 incoming calls along with the caller's name, number, date and time of each call (name and number display requires Caller ID service from your phone company)
- **REVERSIBLE CHARGING SYSTEM** lets you charge the handset face-down or face-up, so Caller ID display can always be visible

- **NEW CALL INDICATOR** on the base lights up to tell you that you have new calls during your absence
- **SPEAKERPHONE ON BASE UNIT** lets you talk without picking up handset for hands-free conversations; convenient for pushbutton services like phone mail and bank-by-phone
- **COMPANDER PROSOUND NOISE REDUCTION SYSTEM** automatically reduces background noise and static
- **BASE-TO-HANDSET PAGING** sends a beep to the handset so you can summon a co-worker or family member or locate a missing handset
- **10-NUMBER SPEED DIALING** for two-step access to frequently dialed numbers
- **UP TO 7-DAY BATTERY STANDBY** for longer intervals between charges
- **LOW BATTERY INDICATOR** alerts you when battery power is running low

- **OUT-OF-RANGE ALERT** when the handset is too far from the base unit
- **LAST NUMBER REDIAL** at the touch of a button
- **WALL MOUNTING WITH FACE-UP CAPABILITY** so Caller ID display can always be visible; base unit mounts with supplied bracket, compatible with standard wall outlets
